

## Getting Started Is Easy

1. Schedule a consultation with your dentist.
2. Get an impression taken of your teeth.
3. Return in about two weeks to try on the appliance and get ready to wear your new smile home.

Talk to your dentist today. It is time to have a smile that makes you happy — the one you have always dreamed of having!

*When I first saw myself wearing Smile Transitions™, I was shocked at how different I looked! **Smile Transitions restored my smile and my confidence!***

– Rennea Gray

## Frequently Asked Questions

### Does it hurt to get Smile Transitions?

- ▶ No, Smile Transitions is easy and painless.

### How long does it take to get my new smile?

- ▶ It requires two quick-and-easy appointments with your dentist, and you should have Smile Transitions in less than two weeks!

### Who can wear Smile Transitions?

- ▶ Smile Transitions is great for nearly everyone even if you have gapped, crooked, broken or missing teeth.

### Can I wear Smile Transitions while I am eating and drinking?

- ▶ Yes, you can wear it anytime, anywhere.

### Will my dentist have to remove any teeth?

- ▶ No, Smile Transitions is designed to custom-fit right over your natural teeth. It is noninvasive. You can pop the appliance in or out anytime you want.

*I am very HAPPY with my new smile! Thank you, Smile Transitions.*

– Jasmin Paul

# Facts About Smile Transitions

## Warranty

- ▶ Smile Transitions comes with a 1-year limited warranty that allows the prescribing dentist to replace the appliance once during that timeframe.

## Innovative Design

- ▶ Smile Transitions is created with a durable outer layer that is perfect for withstanding a normal lifestyle yet comfortable for wearing all day long.

## Nonpermanent Treatment

- ▶ Smile Transitions is completely reversible. It is a cosmetic enhancement that allows you to keep your current teeth intact.

*Ready for your winning smile?*
