Your Powerful Prescription for Snoring and Sleep Apnea.

Without the EMA, the patient's airway is obstructed by soft tissues.

The EMA allows for air to flow freely through the patient's airway.

**Patients:**
Please print this sheet and take it to your dentist who can prescribe you an EMA.

**Dentists:**
Call 800-854-7256 to order. Visit glidewelldental.com for more info.
